4. European Projects

<http://www.interact-eu.net/>, INTERREG Animation Cooperation and Transfer

<http://www.reactproject.org/>, Regional Actors in Interreg Cooperation

<http://www.espon.eu/>, European Spatial Planning Observation Network

<http://www.exlinea.org/page.php?page=links>. The EXLINEA project (Lines of Exclusion as Arenas for Cooperation: Reconfiguring the external boundaries of Europe Policies, Practices and

Perceptions) examines opportunities and constraints to local/regional cross-border co-operation in CEE

<http://www.change-on-borders.net/>, The Regional Framework Operation (RFO) “Change on Borders” aims at enhancing and deepening the exchange of experiences on themes for cross-border cooperation

<http://www.eudimensions.eu/index.htm>. The EUDIMENSIONS project’s aim is to study the implications of emerging geopolitical contexts for cross-border co-operation between the EU and neighbouring states

<http://www.borderidentities.com/>. The aim of the “Changing Identities, Changing Nations, Changing Stories in European Border Communities” project is to study how political changes and sensitive historical conditions impinge on the identities of those people who live on the European Union's (South-) Eastern border

<http://www.benproject.org/en>, The goal of the “Baltic Euroregional Network” (BEN) project is to promote spatial development and territorial integration in the Baltic Sea Region by strengthening Euroregions, and by building a network of Euroregions for continuous capacity-building and sharing of experience

<http://www.interform-eu.org>. The main goal of the INTERFORM project is to develop the capacity of the territories in their own cross-border cooperation projects

5. Research Centres

www.utep.edu/cibs. The Center for Inter-American and Border Studies (CIBS) of El Paso University provides researches concerning activities at the U.S.-Mexico borders, and more generally in Latin America and in all the world

<http://www.qub.ac.uk/cibr>. The Centre for International Borders Research (CIBR) of the Belfast Queen’s University is an interdisciplinary centre for empirical, comparative and theoretical study of international borders and border regions

<http://www.ru.nl/nibr/>. Founded in 1998, the Center for Border Research (CBR) of Nijmegen carries out research activity on borders and cross-border cooperation in fields such as labour market’s mobility, immigration, identity

http://www.ifg.dk/en/about_us.html. Founded in 1976, the Department of Border Region Studies (University of Southern Denmark) carries out researches and provides courses on the border regions and cross-border cooperation

<http://www.absborderlands.org/>. The Association for Borderlands Studies (ABS) is dedicated to the systematic interchange of ideas and information relating to international border areas. It issues the Journal of Borderlands Studies

<http://www.dur.ac.uk/ibru/>. Founded in 1989, the International Boundaries Research Unit of Durham University carries out researches on issues related to international boundaries

<http://www.ctc.ee/>. Founded in 1988 in Tartu, the Peipsi Center for Transboundary Cooperation is an international non-profit institute, which works to promote balanced development of border areas

<http://www.crossborder.ie/index.php>, Founded in 1999 in Armagh and Dublin, the Centre for Cross Border Studies carries on research researches and develops cooperation across the Irish border

<http://www.isig.it/>, in particular, <http://www.interuniv.isig.it/Border/index.html>. Founded in 1968, the Institute of International Sociology of Gorizia carries out studies and researches and organises conferences also on cross-border issues and, in particular, on new instruments and strategies for the development of cross-border cooperation

<http://europa.formez.it/interreg.html>. The web site contains documents on INTERREG Programmes in Italy in the periods 2000-2006 and 2007-2013 (only in Italian)

<http://www.eriknetwork.net>. The ERIK (European Regions Knowledge based Innovation Network) web site contains documents and provides advices on the exchange of best practices in the field of knowledge-based and innovation regional (and interregional) policies
